| Responsibility for Financial Reporting ..... | 33 |
| Audited Financial Statements .....           | 34 |

### **MISSION**

The mission of The Manitoba Securities Commission is to protect and promote the public interest by facilitating dynamic and competitive capital and real estate markets that contribute to the economic development of Manitoba while fostering public confidence in those markets.

### **MANDATE**

The mandate of the Commission is to act in the public interest to protect Manitoba investors and to facilitate the raising of capital while maintaining fairness and integrity in the securities marketplace. Similarly, its real estate industry mandate is to regulate brokers, salespeople and mortgage dealers to ensure adequate standards are maintained for the protection of the public.

## LETTERS OF TRANSMITTAL

The Honourable John Harvard  
Lieutenant Governor of Manitoba  
Room 235, Legislative Building  
Winnipeg, Manitoba  
R3C 0V8

**May it Please Your Honour:**

I have the privilege of presenting for the information of Your Honour the Sixth Annual Report of The Manitoba Securities Commission for the fiscal year ended March 31, 2005.

Respectfully submitted,

**Honourable Gregory Selinger**  
Minister

Honourable Gregory Selinger  
Minister of Finance  
Room 103 Legislative Building  
Winnipeg, Manitoba  
R3C 0V8

**Dear Mr. Minister:**

I have the honour to submit for your consideration the Sixth Annual Report of The Manitoba Securities Commission for the fiscal year ended March 31, 2005.

Respectfully submitted,

**Donald G. Murray**  
Chair

### National Initiatives

The reform of securities regulation continued to head the agenda for the MSC in 2004/05.

In September 2004, the provincial/territorial Ministers responsible for securities regulation signed an MOU for cooperating in producing harmonized securities legislation by 2006 and in the interim, to streamline the current system by implementing a “passport system” during 2005, that will allow issuers and registrants to deal solely with their home or principal regulator for filings and registrations across the country.

MSC staff have worked cooperatively in the completion or amendment of ongoing and existing rules and initiatives, as well as in the development of new ones, in order to ready the passport system for implementation by September 2005.

While proceeding with this work, the other 12 Canadian jurisdictions are also anticipating the eventual release of a proposal from Ontario for the development of a provincially based “common” securities regulator for Canada.

Also, on a national basis, the CSA, including the MSC, has assumed a role in attaining the coordinated implementation by provincial/territorial legislatures of the Uniform Securities Transfer Act. This legislation is essential for keeping pace globally through modernization of Canada’s legal framework for passing property in securities transactions.

### Local Initiatives

While a good deal of the activities of Commission staff were dedicated in 2004/05 to work on the passport and harmonization of securities rules and national electronic systems, there were also numerous initiatives of a strictly local nature which have been ongoing. These include:

- a re-write of the Commission’s web site intended to be more user friendly and informative for the industry and investors;
- overseeing, and providing regulatory approval where necessary, of the move by the Winnipeg Commodity Exchange from the open outcry system to an electronic trading platform;
- developing an electronic tracking system for all steps of enforcement actions;

- continuing with the implementation of the financial compensation system, whereby investors can claim, at a Commission hearing, or during the pre-hearing process, for compensation from financial intermediaries where inappropriate activities have resulted in a financial loss;
- development of amendments to The Real Estate Brokers Act;
- development of amendments to The Securities Act aimed at accommodating the implementation of the passport system;
- completion of the acquisition of a system by the real estate division for the implementation of electronic registration;
- completion of development of a web based educational tool for students, operated on a national basis, through the cooperation of each jurisdiction; and
- work on the logistics of relocating the Commission offices which is expected to take place in the Fall of 2005.

The Commission, as at March 31, 2005, completed the third cycle of operation of its performance measurement system (Balanced Scorecard) and was successful in meeting the majority of its stated goals. A further report is set out in Part IV.

## **Real Estate**

The real estate division performs a similar role to the securities division in the regulation of the real estate industry, performing the functions of registration, compliance review, investigation and enforcement and policy development. The Registrar and his staff also continue to partner with the industry in the development of industry association rules, policies, educational courses and new initiatives.

Real estate division staff continue to cooperate in the development and presentation of the Mandatory Continuing Education program for industry practitioners. The program has been a major success in that it not only assists industry practitioners in maintaining and improving their skills and knowledge but serves to enhance the public's view of the professionalism of the industry.

It is expected that proposed amendments to The Real Estate Brokers Act, worked on by the Registrar and real estate staff along with the Real Estate Council, will be proposed for implementation in 2006.

## Sustainable Development

The *Sustainable Development Act* was enacted for the purpose of promoting and implementing sustainable development in the provincial public sector, private industry and society in general. Principles and guidelines have been developed to assist departments and agencies in instituting objectives, integrating them into operations and reporting on their development. The Commission remains committed to sustainable development.

Operating in an office environment, the Commission procures a variety of recycled items including paper products and various other office materials. The Commission will set goals and objectives towards sustainable development procurement and financial management. Through training and education, the Commission intends to continue to develop a sustainable development process that is continuous and balanced.

## Acknowledgements

The Commission continues to owe a debt to the work of its three advisory groups being the Securities Advisory Committee, the Real Estate Advisory Council and Real Estate Advisory Committee. The members of these committees volunteer their time to both divisions of the operation and their work provides a benefit to the Commission staff as well as to the industry and public served by the Commission.

Recognition must also be provided to the part time members of the Manitoba Securities Commission. As a group they bring a wealth of insight and practical knowledge to the deliberations of the Commission and their work is appreciated. During 2004/05 no changes were made to the compliment of the Commission.

Finally, the staff of the Commission must be commended for their hard work and ongoing dedication. They work in an environment that is not only challenging but is continually evolving. Our staff have never failed to rise to any challenges placed before them. Their efforts are greatly appreciated.

**Donald G. Murray**

Chair

The Manitoba Securities Commission

## PART 1 – COMMISSION OVERVIEW

The Manitoba Securities Commission (“the Commission”) is responsible for administering and enforcing *The Securities Act*, *The Commodity Futures Act*, *The Real Estate Brokers Act* and *The Mortgage Dealers Act*. The Commission was structured in its present form in 1968. The Commission became a Special Operating Agency on April 1, 1999.

A reference to “the Commission” can mean either of two distinct yet connected bodies. These are:

1. The administrative or functional arm which is made up of full-time employees who conduct the day-to-day operations; and
2. The policy making group made up of a maximum of seven order-in-council appointees who meet regularly (the “Commission members”).

### **Administrative Arm**

The administrative arm of the Commission is comprised of two operating divisions, the securities division and the real estate division consisting of 33 full-time staff.

### **Securities Division**

The securities division is organized into the following seven operational sections:

#### **Investigations**

There are four staff in this section being three investigators and one administrative support staff. The investigation section receives inquiries and complaints, conducts investigations and assists legal staff in the preparation of matters for hearings. The members of the investigation section report to the Director of Legal, Enforcement and Registrations.

#### **Legal**

The legal section is comprised of three lawyers and one administrative support staff. The legal section provides legal advice to the Commission members and all other functional sections of the Commission, takes part in policy development and the creation of educational materials, presents applications to Commission meetings and prepares and argues enforcement cases at Commission hearings and in court. The members of the legal section report to the Director of Legal, Enforcement and Registrations.

## **Registration**

The registration section is made up of four staff members being the Registration Officer and three full-time registration clerks. During fiscal year 2004/05 there were also two additional term positions attached to the section continuing to assist in the transition to the National Registration Database ("NRD"). This section is responsible for the registration of firms and individuals operating in the investment markets in Manitoba. The members of the registration section report to the Director of Legal, Enforcement and Registrations.

## **Compliance**

The Compliance Officer is an auditor who supports the registration function by conducting compliance audits of the industry. This position also assists in the investigation and legal functions of the Commission by analyzing financial and trading information arising from investigations or from claims made by investors for compensation for financial loss. This staff member reports to the Director of Legal and Enforcement and Registrations.

## **Corporate Finance and Continuous Disclosure**

There are five staff members in this section being senior analyst, analyst, administrative assistant, corporate finance clerk and continuous disclosure clerk. The analysts are professional Accountants. This section reviews offering documents and applications, as well as continuous disclosure filings of reporting issuers. It also takes part in policy development and makes presentations at Commission meetings. Staff in this section report to the Director of Corporate Finance and Chief Administrative Officer, who is also a professional Accountant.

## **Finance and Administration**

There are five staff members assigned to this section including the controller (a professional Accountant), an accounting clerk, a web developer/analyst, a receptionist and an administrative clerk. This section, in consultation with management, prepares the Commission's budgets and financial reports and develops and implements office and personnel policies for both the securities and real estate divisions. Staff in this section report to the Director of Corporate Finance and Chief Administrative Officer.

## **Education/Information**

The Education/Information Officer is the sole staff member assigned to this section. This individual, who has a degree in education, is responsible for the development and implementation of educational programs for the general public and industry. The Education/Information Officer reports to the Chair.

## **Additional Staff**

There is an additional full time staff position, being an Administrative Assistant reporting directly to the Chair.

## Real Estate Division

The real estate division is made up of the Registrar, Deputy Registrar, Auditor/Investigator and two administrative support positions. The real estate division is responsible for the administration of *The Real Estate Brokers Act* and *The Mortgage Dealers Act* and, in general, the regulation of the real estate industry in the Province of Manitoba. Employees in this section report to the Registrar.

## Management

Both Directors of the securities division and the Registrar of real estate report directly to the Chair, who is the Chief Executive Officer of the Commission. This group comprises the senior management team. In addition there is an extended management committee which has membership from all operational areas.

## Commission Members

In addition to the Chair there are six part-time Commission members. The Commission meets regularly (usually weekly) to deal with policy and regulatory formulation, applications seeking exemptions from the requirements of regulation, and to consider whether it is in the public interest to grant various types of orders authorized by legislation. Commission members also perform a quasi-judicial function by sitting as adjudicators in Commission hearings. The Chair presides at meetings of the Commission.

The Chair of the Commission reports to the legislature through the office of the Minister of Finance.

During 2004/05 the Commission Members were as follows:

### Donald G. Murray (Chair)

Appointed to the Commission in 1993, Mr. Murray spent 20 years in the private practice of law. In 1994, he was appointed Vice Chairman and became Chairman in 1997. As Chair and CEO, Mr. Murray represents the Commission as the Manitoba representative at the meetings of the Canadian Securities Administrators (CSA) and North American Securities Administrators Association (NASAA). He is the Vice-Chair of the CSA and is a member of Board of Directors of NASAA.

**W. John A. Bulman C.M.**

Appointed to the Commission in 1994, Mr. Bulman spent most of his business career in the printing industry. He is an active community leader especially with health and education groups. He has been Chancellor Emeritus of the University of Winnipeg and a council member of the Royal College of Physicians and Surgeons. Mr. Bulman was appointed to the Order of Canada in 1999.

**Lynne M. McCarthy**

Appointed to the Commission in 1994, Ms. McCarthy has a Master of Business Administration degree from the University of Western Ontario and the Chartered Financial Analyst designation. Ms. McCarthy has over 20 years of experience in institutional investing.

**Robert G. McEwen**

Appointed to the Commission in 1992, Mr. McEwen is a retired chartered accountant and was a Deputy Director of the Commission.

**Rocky L. Pollack, Q.C.**

Rocky Pollack is a partner in the Winnipeg law firm of *Myers Weinberg* practicing criminal trial and appellate law as well as education and professional governance law. He is a Clinical Criminal Law sessional lecturer at Robson Hall, and a frequent guest speaker for teachers and other professional groups, including the Bar Admission Course. A past president of the *Manitoba Bar Association*, Rocky Pollack is a *Law Society of Manitoba* life bencher and a Fellow of the *International Society of Barristers*. He chaired the *Canadian Bar Association's* national Criminal Justice Section as well as its first Criminal Code Task Force. Currently Rocky Pollack is vice-president of *Congregation Shaarey Zedek* and a board member of *The Jewish Foundation of Manitoba*.

**Kathleen E. Hughes**

Kathleen Hughes worked for the Department of Justice, Court Services for 20 years. She was formerly the Legal Information Services Coordinator for Manitoba Law Libraries Inc. Ms. Hughes was previously a member of The Manitoba Securities Commission 1975-81. She has been involved in various volunteer boards and committees.

**Donald H. Smith**

Appointed to the Commission in 2003, Mr. Smith is a Chartered Accountant with over 20 years experience in entrepreneurial and financial advisory services. Previously a chief executive officer of corporations providing a variety of financial services, he is currently president of a vehicle leasing company.

## Advisory Groups

### Securities Advisory Committee

The Committee was established by the Chair of the Commission to meet when required to provide advice on regulatory matters. The Committee has provided advice on new policy initiatives developed by the Commission. The Committee has also been called upon to advise on changes within the industry and how the Commission can best deal with those changes.

- Dave Cheop, Investors Group Inc.
- Ken Cooper, formerly Winnipeg Stock Exchange
- Linda Vincent, Winnipeg Commodity Exchange
- Alan Dunnett, RBC Investments/ Investment Dealers Association
- Mike Guttormson, James Richardson & Sons, Limited
- Bruce Jack, Deloitte & Touche
- Tom Kormylo, Pitblado
- Tony Catanese, PricewaterhouseCoopers
- Colin Ryan, BMO Nesbitt Burns/ Investment Dealers Association
- Ron Coke, Taylor McCaffrey
- Patrick Cooney, Jory Capital Inc.
- Tom Rice, Rice Financial Group Inc. (Alternate)
- Bruce Thompson, Thompson Dorfman Sweatman (Alternate)

### Real Estate Advisory Council

The Real Estate Advisory Council is a non-statutory advisory body established by the Commission and The Manitoba Real Estate Association. The Mandate of the Council is to advise and make recommendations to the Commission and MREA on real estate issues; to review mutually beneficial ideas, policies or legislative reform; and give early warning or advance notice to the Commission of trends or developments arising in the real estate industry.

- Brad Walker, Chairman, Broker, Gill & Schmall Agencies, Neepawa
- Claude Davis, Broker, Royal LePage Dynamic Real Estate
- Cliff King, Broker, Century 21 Bachman & Associates
- Roy Fondse, Salesperson, Re/Max Real Estate Inc.
- Brian Baker, Salesperson, Royal LePage Martin Liberty Realty
- Guy Hobman, Broker, Manitoba Home Builders Association
- Robert F. Shaer, Broker, Professional Property Managers' Association
- Robert L. Tyler, Solicitor, The Manitoba Bar Association
- Brian Collie, Executive Director, Manitoba Real Estate Association
- Bill Baluk, Registrar, The Real Estate Brokers Act

### **Real Estate Advisory Committee**

The Real Estate Advisory Committee was established by the Real Estate Advisory Committee Regulation (Manitoba Regulation 593/88) under *The Real Estate Brokers Act*.

The Committee reviews and recommends projects to the Commission for funding from the interest which the Commission receives from real estate brokers' trust accounts.

- John Froese, Chairperson, Royal LePage Prime Real Estate
- Ernie Friesen, broker, Re/Max Real Estate Inc.
- Ray Brownlee, Century 21 West-Man Realty Ltd., Brandon
- Ute Vann, salesperson, Royal LePage Dynamic Real Estate
- Robert Giesbrecht, solicitor, Pitblado, member of the public

### Overview

The operational sections of the Commission work in seven functional areas. They are:

1. Registration;
2. Corporate Finance and Continuous Disclosure;
3. Private Placement and Exempt Offerings;
4. Exemption Orders;
5. Legislation and Policy Development;
6. Investigation and Enforcement;
7. Education and Information.

Each functional area carries unique duties and responsibilities the performance of which requires a high degree of co-operation and co-ordination among the operational sections.

### Registration

The Registration section reviews and determines whether it is in the public interest to register a person or company to trade or advise in the trading of securities or commodity exchange contracts. In general terms there are three situations where the registration section considers whether a registration is in the public interest:

- When an applicant initially applies for registration. Application for registration must meet educational requirements, individuals must be supervised and companies must meet capital requirements.
- When a registration is renewed. Registrations are renewed annually. If the registration section becomes aware of information that the continued registration is not in the public interest, a decision can be made not to renew the registration.
- When a registrant requests a transfer of his or her registration. In most cases a transfer of an individual's registration from one company to another can be completed quickly. However, in cases where there is information to suggest the transfer was initiated because of a problem with the conduct of an individual registrant, the registration section can either refuse the transfer, or impose a requirement that the individual be more closely supervised until it can be determined whether there should be a hearing to determine if the individual's registration should continue.

New and renewed registrations, registration changes from mergers and acquisitions, and improvements to registration systems that have lead to new firms applying for registration in Manitoba lead to an increase in the number of registrations:

- 13,291 under The Securities Act (an increase from 12,246 in 2003-2004)
- 3,300 under The Commodity Futures Act (an increase from 2,383 in 2003-2004)

The registration section also continues to be involved in initiatives locally and through the Canadian Securities Administrators to improve the registration process. With the continued operation of the National Registration Database and local initiatives to streamline processes such as renewals, a significant amount of time has been spent to improve the efficiency of the process and to respond to concerns raised by industry and the public.

#### **Compliance Examination**

The Compliance officer performs ongoing reviews of the operations of persons and companies registered with the Commission to ensure they are conducting business in a manner that does not pose a risk to the public. This is done through the review of financial reports submitted by registrants and by performing compliance examinations. Compliance reviews are an effective way of identifying risks before there is a loss to investors.

#### **Compliance Officers Forum**

Identifying and preventing problems within a firm before there is a loss is the most effective way to protect the public. The Commission established the Compliance Officers Forum to provide a way for compliance officers of registered firms to meet and discuss matters of common interest in an informal and informative atmosphere.

#### **National Registration Database**

The National Registration Database permits an individual or company to submit registration information and requests to the Commission and other Canadian securities regulators electronically using a secure Internet connection.

NRD has created efficiencies in the registration process through the single point of entry into the registration process and through an increased coordination of registration forms and procedures. These efficiencies have been achieved without compromising the Commission's ability to monitor and respond to activities in Manitoba markets.

There continues to be a transition process whereby registrants are inputting historical information in NRD. This process is being phased in over a period of time to ensure an orderly receipt of the information required.

## Corporate Finance and Continuous Disclosure

The Corporate Finance section reviews prospectus filings and rights offerings to ensure that they contain full, true and plain disclosure of all material facts necessary to make an informed investment decision. Multi-jurisdictional offering documents are reviewed in accordance with the Mutual Reliance Review System for prospectuses and annual information forms. MRRS improves the efficiency of the capital markets in that the issuer deals only with the principal regulator and receives one receipt with respect to its offering.

Reporting issuers are required to file continuous disclosure materials such as financial statements, management discussion and analysis, material change reports, proxy materials and annual information forms with the Commission. Securities legislation sets out the content requirements of these documents as well as the time periods in which they have to be filed.

Insiders of reporting issuers are required to file insider trading reports with the Commission, utilizing the System for Electronic Disclosure by Insiders (SEDI).

### Continuous Disclosure Review Program

The Commission has implemented its own Continuous Disclosure Review Program and is participating with other members of the CSA in the development of a national program to ensure that all reporting issuers are subject to ongoing review, and that the reviews are performed efficiently and consistently. The CSA intends to have a national continuous disclosure review program implemented within the next year. Manitoba will be one of eight jurisdictions participating in this program.

The focus on continuous disclosure filings reflects the fact that over 90% of all trades take place in the secondary market and the quality and timeliness of information disclosed to capital market participants by reporting issuers is of the utmost importance to the market. Commission staff continues to review prospectus offerings, but its primary focus in the future will be on the review of continuous disclosure filings.

### Insider Trading

SEDI provides easy public access to insider reporting information and also allows for effective and efficient monitoring of insider trading reporting activity to ensure that filings are in the proper form and content and are made in a timely fashion. Staff continues to refine and enhance its review processes with respect to insider trading.

## National Electronic Filing Systems

Corporate Finance staff continues to be involved with the maintenance and ongoing development of three electronic filing systems:

- **SEDAR** – a System for Electronic Document Analysis and Retrieval (SEDAR) has been in use since January 1, 1997 and provides for the electronic filing of securities-related documents with the Commission and other CSA jurisdictions. SEDAR allows for the efficient filing of documents with all regulators simultaneously and provides for secure electronic communication between issuers and regulators. SEDAR has greatly enhanced the efficiency of the Canadian capital markets and, when combined with the MRRS process, has resulted in the Canadian capital markets being one of the most efficient in the world. In addition, through its website at [www.SEDAR.com](http://www.SEDAR.com), it allows for the timely dissemination of information to the public.
- **SEDI** – Manitoba continues to participate in the ongoing development of the System for Electronic Disclosure by Insiders (SEDI). SEDI is a national insider reporting database that was relaunched early in 2003/2004. The system provides ease of reporting to insiders and public access to insider trading information.
- **National CTO database** – Corporate Finance staff continue to participate with other CSA jurisdictions in the ongoing development and maintenance of a national cease trade order (CTO) database. This database has proven to be highly effective and allows members of the public and industry participants easy access to information relating to CTOs issued by securities regulatory authorities in Canada.

## Policy Development

Corporate Finance staff was involved in the development and implementation of a number of significant national rules and policies dealing with such matters as:

- continuous disclosure rule for investment funds
- mutual fund governance rule
- investor confidence rules
- corporate governance rule and policy
- various rules with respect to prospectus offerings.

## Filings Processed

|           | Prospectus** | Prospectus Amendments | Annual Information Forms | Rights Offerings | Take-over Bid Circulars |
|-----------|--------------|-----------------------|--------------------------|------------------|-------------------------|
| 2001/2002 | 710          | 179                   | 480                      | 19               | 71                      |
| 2002/2003 | 588          | 321                   | 553                      | 13               | 56                      |
| 2003/2004 | 812          | 169                   | 527                      | 11               | 33                      |
| 2004/2005 | 792          | 299                   | 834                      | 17               | 54                      |

\*\* Prospectus documents filed – A single prospectus filing may contain multiple issues (i.e.: a single mutual fund prospectus could contain as many as 100 funds).

As evidenced by the above table, the level of prospectus and continuous disclosure filings remains at a high level and it is anticipated that these levels will continue, at least for the near future.

From the point of view of industry education, Corporate Finance staff have made two presentations with respect to Corporate Governance and Investor Confidence Rules.

## Private Placement & Exempt Offerings

The Commission recognizes the benefit to the Manitoba economy and the public in providing an environment that encourages the development of business and the need of those businesses to raise capital. Where the size of the business or the amount of capital to be raised does not warrant the use of a prospectus, securities regulation provides ways to assist businesses and make new offerings of securities available to Manitobans.

The Act, regulations and rules provide exemptions from the requirement to use a prospectus and the requirement to trade in securities through someone registered under *The Securities Act*. They are based on the nature of the security sold, the dollar amount of the purchase, as well as the knowledge of the purchaser. Limited offering exemptions are based on an offering of securities being made to a limited, identifiable group of purchasers, and are used by new businesses that need capital to establish operations. Purchasers of securities in limited offering exemptions either have knowledge of the business they are investing in or are required to seek independent advice with respect to the investment prior to purchase.

The raising of capital in Manitoba can be done in various ways. Under Manitoba law options are available to market securities using requirements that have been in place for many years and that are unique to Manitoba. The Commission has been told by its stakeholders that these Manitoba options continue to provide methods to raise capital that balance the interests of businesses and investors.

Commission rules also provide capital raising options that are available throughout most of Canada. Using one of these rules permits a business to raise capital in a consistent manner in most provinces or territories. These rules represent a positive step in the coordination of the Canadian Securities Regulatory system.

## Exemptions and Orders

### Exemption Applications

Applications are made to the Commission for exemptions from regulatory requirements in situations where the granting of an order is not contrary to the public interest. The Commission deals with national applications and local applications.

### National and Regional Applications

The Commission processes national and regional applications through the Mutual Reliance Review Systems for Exemptive Relief Applications, which allows for an application to be processed in several or all Canadian jurisdictions with a single Decision Document. The efficiency of the system benefits both issuers and the investing public and results in a wider range of products being offered in Manitoba.

### Manitoba Applications

The Commission continues to be supportive of local community based projects that focus on businesses that will provide benefits to a community. While the Commission does not create business plans or proposals for local projects, staff works with applicants to satisfy themselves that each group has the tools required to raise capital in a manner that does not compromise the investor protection objectives of securities regulation.

The total number of orders issued under *The Securities Act* for fiscal 2004/05 are as follows:

| Orders Issued              | 2004/2005 | 2003/2004 | 2002/2003 |
|----------------------------|-----------|-----------|-----------|
| Exemption Orders           | 109       | 147       | 189       |
| Take-Over Bid Orders       | 33        | 24        | 20        |
| Inside Reporting Orders    | 36        | 39        | 19        |
| Financial Reporting Orders | 52        | 62        | 50        |
| Cease Trade Orders*        | 51        | 50        | 90        |
| Miscellaneous Orders       | 53        | 65        | 43        |

(\* Cease Trade Orders include both permanent and temporary orders.)

## **Legislation and Policy Development**

The dual mandate of the Commission of investor protection and facilitating fair and efficient capital markets requires continuous monitoring and review of securities regulations. It is important to ensure that any new or revised requirements do not inadvertently create barriers to market activity in Manitoba, are unnecessarily inconsistent with other jurisdictions or create unacceptable levels of risk for investors.

Some of the projects the Commission has been involved in during 2004-2005:

### **Passport and Highly Harmonized Securities Legislation**

Working with the Ministers responsible for securities regulation and their respective staff, the Commission and other members of the CSA have been active in the development of a passport rule to allow for “one-stop shopping” for issuers and registrants in Canada together with harmonized securities legislation for enactment across the country.

### **Uniform Securities Transfer Act**

The members of the CSA, including The Manitoba Securities Commission, have been involved in the coordinated effort to pass the USTA, intended to modernize the passing of property in securities transactions, across the country. It is expected that the USTA will be passed in most Canadian jurisdictions, including Manitoba, during the Spring legislative session of 2006.

### **Policy**

On a local basis, the Commission continues to strive for policy development to benefit investors and maintain fairness in the marketplace. On a national basis, the Commission continues to work with other CSA jurisdictions on the development of a governance regime for mutual funds, a new point of sale document for mutual funds, harmonized continuous disclosure rules and an integrated disclosure system for public companies.

The bulk of national policy development takes place through CSA staff committees. The Commission was represented in 2004/05 on numerous CSA Committees and continues its commitment in this regard.

### **Rules**

The Commission has the legislative authority to enact rules that have the same force and effect as regulations under the legislation. In fiscal year 2004/05, most rules enacted by the Commission were national instruments representing rules implemented on a Canada wide basis. The Commission enacted 15 rules during the period.

Legislative and policy matters and rules that were published for comment or adopted by the Commission during the past year are posted on the Commission’s web site.

### **Winnipeg Commodity Exchange Inc.**

The Winnipeg Commodity Exchange Inc. is registered as a commodity futures exchange under The Commodity Futures Act. It is also recognized as a self-regulatory organization under the Act.

The Commission oversees the operations of the exchange to ensure its business is being conducted in a manner that meets or exceeds international standards. The oversight program of the Commission includes ongoing review of the operations of the exchange and its clearinghouse, review of rules and policies of the exchange and the review and monitoring of products offered by the exchange.

In December 2004 the Exchange closed its open outcry trading floor and introduced an electronic trading system. The conversion required the Exchange to receive regulatory approval from the Commission. In order to ensure all interested parties had an opportunity to comment on the proposed conversion, the application filed by the Exchange was published for public comment. The registration of the Exchange under The Commodity Futures Act was approved by the Commission following a full review of the application and all comments received.

## **Investigation and Enforcement**

Staff investigates complaints and inquiries from the public. A complaint may relate to the conduct of a person or company registered to trade in securities or to trading activities of people not registered to trade securities in Manitoba. Complaints may also involve securities products that may or may not have been approved for trading in Manitoba.

As with any investigative agency, Commission staff must review all complaints received both on the basis of potential harm to the markets generally, and on the basis there may have been harm caused to an individual member of the public.

Commission staff will in many cases facilitate resolution of a complaint by speaking with both the securities firm and the client. In some cases, matters that relate to the conduct of a registrant are referred to a self-regulatory organization such as the Investment Dealers Association of Canada or the Mutual Fund Dealers Association for investigation and resolution.

During the fiscal year 2004/05 the number of complaints received relating to fraudulent schemes such as prime bank instruments and pension plan loans remained high. These illegal activities represent millions of dollars of illegal activity and continue to target all segments of the population. These fraudulent schemes continue to be a focal point in the Commission's public education initiative.

The Commission received 206 general investigation and enforcement inquiries. In addition, 60 investigation files were opened.

### **The Hearing Process**

Once an investigation is commenced Commission staff attempt to gather evidence through witness interviews and through the obtaining of documents. In situations where this evidence cannot be gathered voluntarily, the Commission can issue an investigation order to compel the production of evidence during an investigation.

After a complaint has been investigated a determination is made whether there is sufficient evidence to justify holding a hearing before the Commission or to conduct a prosecution in Court.

The Commission conducts hearings:

- to review whether a person or company should continue to be registered
- to review a decision made by the director
- to determine whether to deny someone the right to trade securities
- to decide whether trading of security should be halted

The Commission also conducts prosecutions in court where there is an allegation of a violation of a law administered by the commission. A conviction for these offences can result in a fine or imprisonment.

Details of pending and completed Commission hearings and prosecutions are provided on the Commission's web site under the heading *Investigation & Enforcement*.

### **Financial Loss Claims**

The Commission has the ability to order repayment to an investor for losses arising from illegal or improper conduct relating to the trading of securities, up to \$100,000 per claim. This authority, the first of its kind in Canada, provides investors with an alternative to the civil court system and is a powerful tool for investor protection.

The Commission received 29 claims during 2004/05.

### **Investor Alert**

The Commission believes that informing investors is often the best way to avoid losses through illegal or improper trading of securities. The Commission will issue an Investor Alert in situations where it is necessary to warn the public about activities that may be illegal or that pose a risk to the public. An Investor Alert may be issued even though there has not been sufficient time to assemble the evidence required to commence a Commission hearing or court prosecution.

Investor Alerts are issued through media outlets and posted on the Commission web site. They are issued throughout Manitoba, but in some cases have been targeted to specific areas in the Province where the improper activities are occurring.

## **Education and Information**

The Education and Information Department continues to be active in the delivery of investor education programs and provision of information to the general public and industry professionals.

Over the course of the year, Commission staff participated in 37 presentations reaching approximately 1600 individuals. The presentations included speaking engagements at local schools, service groups, professional organizations and industry groups around the province.

We continued to attend a variety of public trade shows providing attendees with basic information on working with a Financial Adviser to the Importance of Saving and Investing.

The Commission partnered with the IDA and sponsored the Junior Achievement Dollars with Sense educational program. The Commission contributed \$3000 towards the program and had 6 Commission staff deliver the course content at three schools in Winnipeg.

The Commission continues to participate in education programming at the national level with the Canadian Securities Administrators. The Manitoba Securities Commission together with the Autorité des marchés financiers project led the Test Your Financial IQ Contest. This was the third year that the contest was held. It underwent a major change moving from a paper based essay contest to an on-line quiz. Twenty thousand Canadian youth participated. Fantastic prizes were given away along with a \$2000 cash scholarship. Winning students had to produce a 30-60 second commercial highlighting the importance of budgeting, saving and investing. There was also a teacher's resource package developed. It included a PowerPoint presentation student module and worksheets to complement the on line quiz. Approximately 100 teachers from across Canada downloaded the resources for use in their classroom.

The Commission's Education program was featured on CKY TV Consumer Watch program. The focus was on information and materials that the Commission distributes that are of value to parents on teaching children about the importance of planning, saving and investing. This information is available year round at no cost to the consumer.

## Overview

The Real Estate Division administers The Real Estate Brokers Act and The Mortgage Dealers Act. The Real Estate Division is responsible for the registration of real estate brokers, mortgage dealers, and real estate and mortgage salespersons, investigation of complaints involving the alleged violation of the statutes, and provide public protection by raising and maintaining industry standards.

## Education

The pre-licensing courses and exams for application are prescribed by the Commission and administered by The Manitoba Real Estate Association (MREA) under the direction of the Real Estate Division. Education standards are monitored by the Registrar who serves as a member of the MREA's Education and Examination Review Committee.

During 2004/05 there were 734 enrolments in the pre-licensing courses.

The Real Estate Division administered 14 examinations during the year relating to 4 Private Sales Agent broker exams, 2 restricted broker exams and 8 restricted salespersons exams.

There were 1669 registrants that completed six hours of Mandatory Continuing Education (MCE4) which was titled General Issues. This was the fourth year for the industry's continuing education course. The course material is reviewed and approved by the Education Committee of which the Registrar is a member.

During the year the MREA and Commission staff continued to work together to up-grade pre-licensing courses. On-line courses for persons wishing to become salespersons came into effect the previous year and have been proven to be popular amongst individuals interested in pursuing a career in real estate. Upgrading to course material continues on an ongoing basis.

## Registrations

Two thousand one hundred and eighty-nine registrations were issued for salespersons, authorized officials and real estate brokers, and mortgage dealers were registered with the Commission.

During the year numerous amendments involving name, address or corporate changes were processed under The Real Estate Brokers Act together with businesses re-organizing their affairs. In addition, 30 re-instatements and 113 salespersons transfers were processed.

## Financial Filings and Compliance Audits

Commission staff review brokers' Annual Trust Account Reports and mortgage dealers' financial statements and Trust Compliance Reports filed with the Registrar and advise broker and mortgage dealers on compliance with the trust accounting provisions of the statutes. The compliance program consists of field audits and follow-up field audit visits and providing information to professional accountants who prepare the statutory reports.

During the year staff reviewed approximately 382 reports filed by brokers and dealers and 33 final reports for brokers who ceased their operation. The Commission suspended 7 brokers for failing to file their Annual Trust Account Report on time and prosecuted 1 broker for this offence.

## Investigation and Enforcement

The enforcement program addresses the following areas of investigation.

- Investigation of complaints alleging infractions of the statutes and improper conduct
- The background of applicants and conduct of registrants
- Investigation of alleged unregistered trading

In addition to a number of verbal complaints and inquiries handled on a daily basis, there were 79 formal written complaints under investigation during 2004/05. The investigation of 31 of these complaints is still ongoing with the following outcome of the finalized complaints.

- 19 complaints were unsubstantiated or were resolved with the assistance of Commission staff
- 12 resulted in a warning and/or a reprimand
- 17 complaints resulted in other action being taken

## Legislation and Policy

### Policy Development

Staff in the Real Estate section enforce the Commission's real estate registration, education and general policies.

The Registrar serves on The Real Estate Advisory Council, a non-statutory body that advises and makes recommendations to the Commission and the Manitoba Real Estate Association on real estate issues. The Council consists of ten members representing various stakeholders with the Registrar being the Commission's representative.

During 2004/05 the Council dealt with the following issues.

- Proposed amendments to the Real Estate Brokers Act.
- Review of the Agency Task Force Report
- Policies and guidelines for the Real Estate Industry
- Categories of registration

### Trust Accounts

#### Interest earned on Brokers' Trust Accounts

The Commission receives interest earned on real estate brokers trust accounts not claimed by clients. The Real Estate Advisory Committee established by the Regulations under The Real Estate Brokers Act recommends real estate related projects for funding from the interest the Commission receives. Funds that are not designated for projects are paid to the Minister of Finance on March 31st of every year.

The results of the program for 2004/05 are:

|                                 |        |
|---------------------------------|--------|
| Receipts (in 000's)             |        |
| Received                        | \$ 152 |
| Paid Out:                       |        |
| MREA Prelicensing Education     | \$ 48  |
| Minister of Finance             | 34     |
| Housing Opportunity Partnership | 25     |
| Habitat for Humanity            | 45     |
| Sub total:                      | \$ 152 |

### Unclaimed Trust Money

Section 26 of the Real Estate Brokers Act allows brokers to pay unclaimed trust money in their trust accounts to the Commission to clear the funds from their trust accounts. Trust money paid to the Commission is held in trust pending receipt of a claim by the rightful claimant. On March 31st of each year the balance in the Commission's account, less a reserve for refunds, is paid to the Minister of Finance.

Results of the program for 2004/05 are:

|                                |       |
|--------------------------------|-------|
| Receipts (in 000's)            |       |
| Accounted for as follows:      |       |
| Balance in account March 31/05 | \$ 25 |
| Received during year           | 1     |
| Balance                        | \$ 26 |

## PART IV – PERFORMANCE MEASUREMENT

The Commission's planning process is set out in three documents. At the top, the Commission has a multi-year Strategic Plan that notes the main challenges to the organization and maps out strategies to respond.

The annual Business Plan is based on the Strategic Plan and develops a one-year road map for strategy implementation while developing a budget for the operations of the Commission.

The Balanced Scorecard, which was developed by Commission staff with some outside consultation, is a dual purpose document in that it outlines goals/objectives of the Commission and actions required to achieve them as well as the means of measuring the agency's successes. In other words, in addition to being a performance measurement document the Balanced Scorecard doubles as a work plan for the overall Commission in the various functional areas for carrying out most aspects of the Business Plan.

The Balanced Scorecard template breaks down the Commission's broad goals into four perspectives being: financial, stakeholder, internal and learning and growth. Under each of the perspectives, in addition to goals or objectives, measures are set out as a means of determining as to whether the Commission has successfully achieved its goals for the year. There are two types of measurements, being "quantitative" and "qualitative". Quantitative measures are those that lend themselves easily to determination and comparison. These are generally matters that can be physically counted such as the number of field audits completed in a year, the number of staff that are cross-trained for other jobs, the number of hours of staff training completed, and the number of educational programs delivered to the public.

Qualitative measurements are those matters less prone to physical comparison but are still considered valid indicators of the fulfillment of Commission objectives. For example, under "internal perspective" the first stated goal in the Scorecard is "developing and maintaining a superior knowledge base". An action aimed at furthering this goal includes for all functional areas the preparation of written procedure and policy manuals. The completion of these manuals is considered a qualitative measure in that their availability will serve to increase operational understanding and communication. With qualitative measures the timely completion of the action, designed to further agency goals, is taken as a measurement in itself that the Commission's goals are being achieved.

Each year the Commission's Balanced Scorecard Committee reviews the items in the overall Scorecard template for continued relevance and makes necessary changes. Each of the seven functional sections then meets to apply the template to their specific areas and the actions to be undertaken by each to achieve the goals are determined. Each action is directly related to an organizational goal or objective. Every staff member takes part in this exercise. The individual area templates are collected, reviewed and placed in the Scorecard document. Those actions which are overall organizational actions or require the co-operation of several of the functional areas are marked (\*) on the document, which in its final form is some 30 to 35 pages.

The template includes baselines, targets and a column for results. The Scorecard is reviewed by the entire staff on a regular basis and following the year-end a final report on the organization's performance success is distributed to all staff members. The Commission has now completed its third Balanced Scorecard cycle and has completed its fourth Scorecard for fiscal year 2005/06. In each of the three preceding fiscal years the organization has generally met the performance goals it has set. This is particularly so in those quantitative measures where performance targets were laid out. In those few areas where performance targets were not met during the fiscal year, valid reasons were given and the goals and targets were identified for completion during the subsequent cycle.

The Commission has found the Balanced Scorecard to be a very useful tool in the planning/reporting process and a valuable method of identifying agency objectives and utilizing the talents of all staff in determining actions to meet those goals and setting measures for performance. This document is very much a creation of Commission staff and while there are always different ways to view and measure performance, the team performing the Commission's Effectiveness Evaluation in 2002 considered this document to be comprehensive, reasonable and appropriate. At the same time, the Commission realizes the importance of remaining current in its performance measurement outlook and senior management is going to review the scorecard format during 2005/06 for beneficial amendments.

### Overview

As of March 31, 2005, the Commission had the following internal systems in place:

- *Manitoba Securities Commission Information System 2.0 (MSCIS 2.0);*
- *Real Estate Information System (REIS).*

The amalgamation of SCRS and MSCIS into MSCIS 2.0 was completed as of September 30, 2004. Considerable time, effort and expense were incurred to enhance the capabilities of MSCIS 2.0 to make it a more efficient system for the Commission. As of March 31, 2005 the Real Estate section began converting to an on-line system to replace REIS, which is expected to be in place late 2005.

The Commission uses Microsoft Great Plains Dynamics, an accounting and financial reporting software package for all its accounting and reporting needs.

As well, the Commission interfaces with, and uses, the following national CSA systems:

- \* *System for Electronic Data Analysis and Retrieval (SEDAR)*
- \* *National CTO Database*
- \* *System for Electronic Disclosure by Insiders (SEDI)*
- \* *National Registration Database (NRD)*

These systems allow the Commission to receive, store and have access to pertinent information and documentation filed with respect to *The Securities Act*, *The Commodity Futures Act*, *The Real Estate Brokers Act* and *The Mortgage Dealers Act*. Maintenance and development of these internal and external systems insure that daily operations run effectively and efficiently.

The Commission has a standing IT Committee that meets regularly to evaluate and prioritize the Commission's information systems requirements.

## Financial Discussion

### Management’s Discussion and Analysis

This discussion and analysis presents the operating results of The Manitoba Securities Commission for the year ended March 31, 2005. It should be read in conjunction with the Commission’s audited financial statements.

### Results of Operations

#### Net Income

Net income for the year ended March 31, 2005 was \$6.6 million, which was an increase of 13.3% over 2003/2004 fiscal year of \$5.8 million. Expenses of \$3.2 million came in under budget by \$416,000. The net result, was net income exceeded budgeted income of \$1.3 million or 23.5%.

#### Revenue

The Commission exceeded its revenue targets by 9.4% or \$838,000 due to the fact that market activity continued to increase. This year’s revenue totaled \$9.8 million, as compared to last year’s total of \$9.1 million (see Table 1 for details).

Table 1

| Revenue (000's)          | 2005            | % of Total  | 2004            | % of Total  | 2005% Increase/ (Decrease) From 2004 |
|--------------------------|-----------------|-------------|-----------------|-------------|--------------------------------------|
| Filing Fees              | \$ 4,971        | 50%         | \$ 4,429        | 49%         | 12 %                                 |
| Registration Fees        | 3,801           | 39%         | 3,631           | 40%         | 5 %                                  |
| Financial Statement Fees | 394             | 4%          | 370             | 4%          | 1 %                                  |
| Application Filing Fees  | 237             | 2%          | 197             | 2%          | 20 %                                 |
| Real Estate Fees         | 357             | 4%          | 316             | 4%          | 13 %                                 |
| Investment Income        | 78              | 1%          | 121             | 1%          | (55)%                                |
| Miscellaneous            | 0               |             | 0               |             |                                      |
|                          | <b>\$ 9,838</b> | <b>100%</b> | <b>\$ 9,064</b> | <b>100%</b> | <b>9%</b>                            |

The primary sources of revenue (filing and registration fees) for the Commission in fiscal 2005, contributed 89% of the total, the same as in fiscal year 2004.

Filing Fees are made up of fees for new and renewal prospectus filings, prospectus amendments, annual information forms and rights offerings. An increase of 12% in filing fees over the previous year, to \$5 million, was primarily due to a one time increase in the number of annual information forms filed due to the implementation of NI 51-102.

Registration Fees, comprised of fees for registration of advisors, dealers, and salespersons, were \$3.8 million, 5% greater than the previous year. The reason for this is that registration volumes continued to increase.

### Expenses

Total expenses for the fiscal year 2005 were the same as fiscal year 2004.

A summary of fiscal year's expenses is presented in Table 2.

Table 2

| Expenses (000's)      | 2005            | % of Total  | 2004            | % of Total  | 2005% Increase/ (Decrease) From 2004 |
|-----------------------|-----------------|-------------|-----------------|-------------|--------------------------------------|
| Salaries and Benefits | \$ 2,159        | 67%         | \$ 2,048        | 64%         | 6 %                                  |
| Operating Expenses*   | 1,023           | 31%         | 1,007           | 31%         | 2 %                                  |
| Amortization          | 59              | 2%          | 186             | 5%          | (215)%                               |
|                       | <b>\$ 3,241</b> | <b>100%</b> | <b>\$ 3,241</b> | <b>100%</b> | <b>0 %</b>                           |

\*See Schedule of Operating Expenses in the Notes to the Financial Statements

Against a budget of \$3.7 million, actual expenses were 13% lower than expected. Variances in salaries and benefits and operating expenses are explained below.

### Salaries and Benefits

Overall, salaries and benefits increased by 6% (or \$111,000) over the previous year. Salaries and benefits were \$181,000 (or 8%) below budget due to in-house vacancies and the utilization of the Voluntary Reduced Work Week program.

### Operating Expenses

Operating expenses for the fiscal year were slightly higher than last year (2005 – \$1023, 2004 – \$1007) and were under budget by \$216,000 or 21.2%. This variance was mainly due to lower CSA Initiative spending on national initiatives (\$56,000). Other variances are as follows: office materials and supplies – under budget by \$48,000 due to lower costs on printing and overestimated usage; education initiatives – under budget by \$26,000 due to the delay of the web game initiative; contract services – under budget by \$18,000 due to the delay of the on-line system for the Real Estate section; professional services – under budget by \$18,000 due to lower translation costs and transcription costs and professional dues – under budget by \$11,000 due to the Commission not incurring certain professional fees which had been budgeted.

### **Capital Expenditures & Liabilities**

Capital expenditures for the year were \$224,008. These expenditures were for Office Furniture acquired \$1,727, Computer Hardware for \$4,605 and Computer Software for \$217,676. Capital expenditures were financed by funds provided through operations.

Accrued liabilities were \$7,000 compared to \$31,000 in fiscal 2004. At March 31, 2005 the balance represents accrued vendor obligations. Accrued vacation and severance liabilities were \$185,000 and \$172,000 as at March 31, 2005 compared to \$174,000 and \$154,000 respectively, in the previous fiscal year.

### **Disposition of Surplus Operating Funds**

The Commission made the required quarterly payments to the Province of Manitoba totaling \$7.0 million. The payment amount is calculated annually and is included in the Commission's business plan as a disposition of surplus operating funds in the Statement of Retained Earnings.

### **Liquidity**

Liquidity can be defined as an organizations ability to meet financial obligations as they come due. Liquidity management provides the certainty that funds will be available to honour all commitments and involves continuous forecasting and monitoring of expected cash flows. The Commission requires liquidity principally to finance its operations and capital expenditures. Its objective is to have sufficient funds available to maintain its operations, without impairment, should revenue decrease below expenses. As at March 31, 2005 the Commission has \$1,000,000 in its reserve fund to accommodate for any unforeseen changes in cash flows. These funds are invested with the Province of Manitoba Treasury Division and allow the Commission the flexibility to access these funds when needed.

### **Outlook 2005/2006**

The Commission will look to generate \$5.2 million in net income in fiscal year 2006. This translates into budgeted revenue of 9.0 million and budgeted expenses of \$3.8 million. With the Commission having no control over market activity, budgeted revenues are subject to variability.

## RESPONSIBILITY FOR FINANCIAL REPORTING

The Commission's management is responsible for preparing the financial statements and other financial information in the Annual Report. These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The financial statements include amounts that are based on management's best estimates and judgments. The Commission's financial statements have been audited by BDO Dunwoody, independent external auditors.

The Commission maintains accounting and internal control systems to provide reasonable assurance that its financial information is reliable and accurate and that its assets are adequately protected.

The Commission's management meets regularly to review the financial statements and accounting practices. The auditors have free and full access to management, if required to discuss results of their audit and their views on the adequacy of internal controls and the quality of financial reporting.

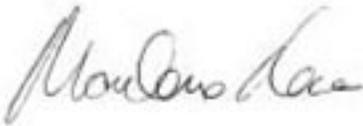

On behalf of management,

**Donald G. Murray**  
Chair and C.E.O.

**Robert B. Bouchard**  
Chief Administrative Officer

**Marlene Nemes**  
Controller

## Auditors' Report

To The Special Operating Agencies Financing Authority:

We have audited the balance sheet of THE MANITOBA SECURITIES COMMISSION, An Agency of the Special Operating Agencies Financing Authority, Province of Manitoba as at March 31, 2005 and the statements of income, retained earnings and cash flows for the year then ended. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Commission as at March 31, 2005 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

## Summary of Significant Accounting Policies

March 31

### Basis of Reporting

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles.

### Capital Assets

Capital assets are recorded at cost and amortized over their estimated lives as follows:

|                        |                   |
|------------------------|-------------------|
| Office equipment       | 20% straight-line |
| Furniture and fixtures | 20% straight-line |
| Leasehold improvements | 10% straight-line |
| Computer hardware      | 20% straight-line |
| Computer software      | 20% straight-line |

The half-year rule is used in the year of acquisition.

### Revenue Recognition

Fees and cost recoveries are recognized when received. Investment income is recorded in accordance with terms of the related investment.

### Financial Instruments

The Commission's financial instruments consist of cash and short-term deposits, accounts receivable, restricted short-term deposits, amounts due from related parties, and accounts payable and accrued liabilities. It is management's opinion that the Commission is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values.

### Use of Estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

## Notes to Financial Statements

(in thousands) March 31

### 1. Nature of Organization

Effective April 1, 1999 the Lieutenant Governor in Council designated the The Manitoba Securities Commission as a special operating agency under The Special Operating Agencies Financing Authority Act (C.C.S.M. c.S185) by Order in Council No. 144/1999. The Order also gave approval to the Special Operating Agencies Financing Authority and the Minister of Consumer and Corporate Affairs, being the Minister responsible for the Commission, at that time, to enter into a management agreement with respect to the Commission.

The Management Agreement between the Financing Authority and the Minister of Consumer and Corporate Affairs assigns responsibility to manage the assets transferred to The Manitoba Securities Commission in delivering regulated services to clients.

### 2. Cash and Short-term Deposits

The Commission invests all surplus cash in short-term deposits with the Province of Manitoba, which are made up of thirty, sixty and ninety day callable term deposits.

### 3. Accounts Receivable

| ACCOUNTS RECEIVABLE | 2005  | 2004  |
|---------------------|-------|-------|
| Accrued interest    | \$ 11 | \$ 12 |
| Trade               | 1     | 2     |
|                     | \$ 12 | \$ 14 |

### 4. Restricted Short-term Deposits

The Commission maintains separate short-term deposits with the Province of Manitoba to fund expenses which may arise with respect to the Reserve Fund (Note 10).

### 5. Receivable from the Province of Manitoba

The receivable from the Province of Manitoba is made up of vacation and severance pay entitlement earned by employees of the Commission prior to creation of the SOA as at April 1, 1999. This receivable, or portion thereof for the Commission, will be collected in the event there is a cash shortfall. However, this is only likely to happen on the dissolution of the Commission.

## 6. Capital Assets

| CAPITAL ASSETS                                   | 2005            |                          | 2004            |                          |
|--|-----------------|--------------------------|-----------------|--------------------------|
|  | Cost            | Accumulated Amortization | Cost            | Accumulated Amortization |
| Office equipment                                 | \$ 26           | \$ 19                    | \$ 28           | \$ 16                    |
| Furniture and fixtures                           | 128             | 109                      | 126             | 86                       |
| Leasehold improvements                           | 113             | 57                       | 113             | 46                       |
| Computer hardware                                | 121             | 117                      | 117             | 117                      |
| Computer software                                | 822             | 622                      | 604             | 603                      |
| Computer system conversion<br>– work in progress | –               | –                        | 94              | –                        |
|  | <b>\$ 1,210</b> | <b>\$ 924</b>            | <b>\$ 1,082</b> | <b>\$ 868</b>            |
| Cost less accumulated<br>amortization            |                 | <b>\$ 286</b>            |                 | <b>\$ 214</b>            |

## 7. Accrued Vacation Entitlements

The Commission follows the policy of the Department of Finance to recognize the vacation entitlement liability accumulated to March 31, 1999. The liability at this date is offset by a receivable from the Province and was \$117 as at March 31, 1999. Any subsequent changes to the entitlement are reflected as a current year expense to the Commission. As at March 31, 2005 there was an increase to the entitlement in the amount of \$11. The accrued vacation entitlement was \$185 as of March 31, 2005 (2004 – \$174).

## 8. Severance Pay Liability

Effective April 1, 1999, the Commission began recording accumulated severance pay benefits for its employees. The estimate of the liability at that time was based on an actuarial valuation report.

The Province has accepted responsibility for the severance benefits accumulated by the Commission's employees to March 31, 1999. Accordingly, the opening severance pay liability balance as at April 1, 1999 calculated at \$152 was completely offset by a receivable from the Province.

The report provides a formula to update the liability on an annual basis. In accordance with the formula, the Commission's actuarial liability has been calculated to be \$172 as at March 31, 2005 (2004 – \$154).

### **9. Lease Commitment**

The Commission has not entered into a lease agreement with the Province of Manitoba for rental of facilities at 405 Broadway. Occupancy charges for the year ended March 31, 2005 were \$145.

### **10. Reserve Fund**

The Commission has established a Reserve Fund to finance extraordinary expenses for isolated and unanticipated purposes that are regulatory in nature, and for changes in market activity that have an effect on revenues.

### **11. Disposition of Surplus Operating Funds**

The disposition of surplus operating funds consists of payments made to the Consolidated Revenue Fund of the Province of Manitoba according to Treasury Board Directives.

### **12. Contingency**

The Commission has been named as defendant in a statement of claim. At the time of preparation of these financial statements, the outcome of this claim was undeterminable. The cost of a future settlement, if any, will be reflected as an expense in the year paid.

### **13. Pension Benefits**

Employees of The Manitoba Securities Commission are eligible for pension benefits in accordance with the provisions of the Civil Service Superannuation Act, administered by the Civil Service Superannuation Board (CSSB).

Effective March 31, 2001, pursuant to an agreement with the Province of Manitoba, The Manitoba Securities Commission transferred to the Province the pension liability for its employees.

Commencing April 1, 2001, The Manitoba Securities Commission was required to pay to the Province an amount equal to its employees' current pension contributions. The amount paid for 2005 was \$92 (2004 – \$84).
