

Financial Loss Claims Report

In some situations, an investor loses money because of the illegal or improper conduct of a market participant. If the losses resulted from illegal or improper behavior, an investor can make a claim to recover financial losses up to \$250,000.

The Manitoba Securities Commission reviews all complaints and claims and if warranted, conducts an investigation and a hearing to determine whether that person or company should be allowed to continue to sell stocks, bonds, mutual funds or other forms of securities in Manitoba.

A claim can be made in the event that you have suffered a financial loss of up to \$250,000 as a result of one of the following circumstances:

- ▶ **A violation of The Securities Act**

- ▶ **The illegal or improper conduct of a person or company selling securities**

The Manitoba Securities Commission takes personal claims very seriously and if it is determined that a claim for Compensation for Financial Loss can be put forward, the following steps will be taken:

- 1. Commission hearing to determine if misconduct occurred and to request a compensation order if warranted**

- 2. Commission staff will present the claim on behalf of the investor. There is no cost to the investor to file a claim**

- 3. If an order is issued as a result of the hearing it can be filed as a Judgment of the Court of Queen's Bench of Manitoba without the need to file a Statement of Claim**
